PROJECTS

LOS (MVP)

Key Skills: Java OOPs

Loan Origination System Project (MVP)

Minimum Viable Product (MVP) process to build functionality over time based on user testing data.

An LOS is defined as a system that automates and manages the end-to-end steps in the loan process – from the application, through underwriting, approval.

TODO App(MVC)

Key Skills: Javascript HTML CSS

MVC stands for Model-View-Controller:- the data (Model), the presentation of that data to the user (View), and the actions taken on any user interaction (Controller).

JavaScript Project on To-do List. This project is a single webpage containing different list items and a text area to add custom tasks, edit tasks and delete tasks .

ShopApi

Key Skills: Node.js

I will use the Postman software to send and receive requests, POST data to the server.

Helps to see the status codes, time taken for a response, and other performance parameters.
